

Carol Blackburn

Carol Blackburn Workshop

June 19 & 20, 2020

Art Deco Lidded Pots with 'Missoni' Patterns

Sponsored by Colorado's
Mile High Polymer Clay Guild
MHPCG.ORG

In this two day workshop we will make a colorful lidded box, using just a few blended colors of polymer. Students will learn the construction of the box, starting with a cardboard form and then making the base shape and lid out of scrap clay. While the base shape is baking we will create the patterned sheets using my 'Missoni' inspired zig zag patterns, plus a simple stripe sheet. These patterns will form the main patterned area of the box. There will be several bakings during the construction of the box, at which time other components will be made. The lid will end up with a fun twizzle on top, or left plain, as desired.

Members...\$240

Non-Members...\$275

To Join MHPCG \$30
(dues through May 2021)
