Mile High Polymer Clay Guild

The President's Address:

President's Letter

Note from Tina:

"It has been a crazy busy summer for a lot of us. I was gone a lot teaching music, viewing eclipse and Yellowstone, rafting and couldn't make many meetings. Because of my absence, I have just a few photos to share. It has been great that Holly Wolfe has taken photos and shared them on our Facebook site. If anyone else takes photos, please share them of that Facebook site also." Kari has been very busy with shows, so I am writing this blurb instead of her doing the usual president's letter.

COLOR RECIPE COLLECTION #50---Lilacs and Turquoise

This color collection is made up of turquoises, lilac shades and a periwinkle blue, just as the title implies for this article. This collection would make for a very nice flower cane, with enough contrast between the colors to make it work well. The Dark Persian Lilac is a deep and rich reddish purple, and would make a good border color.

These colors do coordinate exceptionally well and would make for a good mixed color extrusion.

Premo colors you will need to mix this collection are: Wisteria, Purple, White, Turquoise, Fuchsia, Ecu, Periwinkle, Cobalt Blue and Alizarin Crimson.
