or info@mhpcg.org

-GUESTS ARE ALWAYS WELCOME!

Purpose:

The purpose of our guild is to encourage the enjoyment, study, and promotion of polymer clay as a hobby, craft, and art, for both guild members and the general public.

Meetings:

(Please check the online calendar or watch for e-mail updates as this information is subject to changes.)

Clay Days are held on the 4th Saturday of the month, except in December. Members are always welcome to attend the monthly board meetings at 9:30am. Our brief general meetings are at 10:30am followed then by demonstrations on particular techniques in polymer clay, sharing ideas and projects. These are great opportunities to play with polymer clay in a group, enjoy the demos or mini-workshops and share ideas. "Gallery" tables are always available for members to display their clay related creations! Sales of individual pieces are encouraged, with transactions being the responsibility of the individual artists. Clay days are held at Green Mountain Presbyterian Church, 12900 W Alameda Parkway, Lakewood, Colorado.

Library:

MHPCG has an ever-expanding library of DVD's, VHS tapes, and books for members to rent. Nominal monthly fees are charged for checking out materials. Members in good standing may check out books for \$1.00 per month. DVD's and VHS for \$3.00 per month. Donations of new or used library related items are always welcome, as are monetary contributions earmarked for additions to the library. A \$50.00 security check deposit is required, before a member can use the library. This check is held by the guild librarian, and cashed only if a library rental is not returned.

Newsletter:

MHPCG's editor sends out online quarterly newsletters to members providing information on upcoming programs, workshops, and other special clay related events. Included also are book, DVD, VHS reviews, articles on specific techniques, helpful hints, and web sites of interest.

Special Classes:

MHPCG is committed to bringing in nationally known artists to teach multi-day workshops. We strive to provide many and varied opportunities to learn and excel with the polymer clay medium.

MHPCG Website:

Everyone has access to the general information portion of the website. Here past newsletters, meeting dates, and other information can be found. Check out the website at www.mhpcg.org
